THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such Information You Most Wish To Have The Public Know

FIRST—What line of goods you handle. **SECOND**—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

QUINCY

COMPILED BY H. A. MANNING COMPANY WITH THE ASSISTANCE OF QUINCY CHAMBER OF COMMERCE.

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Quincy as limited space permits. The local resident, the visitor, and the distant reader about Quincy, wishes to gain an impression of Quincy as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Quincy's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following remember that the Quincy City Directory disseminates this information far and wide where this Directory represents Quincy in the Free Directory Library Exchange System of North America. The Quincy City Directory, with nearly 700 closely printed pages, is the City of Quincy in book-form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Quincy and all interested.

City Seal

LOCATION—Quincy lies on Quincy Bay, which is off the larger Massachusetts Bay, forming the excellent harbor that has had so much to do with the shipping importance of New England. Quincy is strategically situated for residence and business, only seven miles from the heart of Boston, with which it is closely connected by business and social ties. Distances from Quincy are, New Bedford 47 miles, Providence 43, Worcester 43, Lowell 33, Concord, N. H., 96, Portland 118, Bangor 268, Springfield 105, Albany 186, Schenectady 205, Hartford 115, New York 223, Greenfield 105, Elmira 391, Atlantic City 359, Buffalo 506, Philadelphia 318, Rochester 409, Burlington 223, White Mts. 187, Washington 454. Gateway to Cape Cod.

HISTORICAL—Quincy was settled as a trading post in 1625 by Capt. Wollaston. In 1640 it became a part of the Colony of Massachusetts. It was originally a part of the township of Braintree from which it was set off in 1792 and made a town, to which the name of Quincy was given. In 1888 it was incorporated as a city with Charles H. Porter as the first Mayor. Quincy is exceptionally noted as the birthplace of two presidents of the United States; also other distinguished persons. The birthplace home-
stead of John Adams, second president, was built in 1681, and restored in 1897 by Adams Chapter of D. A. R., and is located on Franklin Street. Birthplace of John Quincy Adams, sixth president, was built in 1716 and restored in 1896 by Quincy Historical Society and is located on Franklin Street. Birthplace of John Hancock, Adams Street where a bronze tablet marks the spot where the house stood in which this patriot was born. Abigail Adams Cairn, Penn's Hill off Franklin Street, marks the spot from which Abigail Adams and her son John Quincy Adams watched the smoke of the Battle of Bunker Hill. Burial places of John Adams and John Quincy

Birth Places John Quincy Adams and John Adams

Adams and their wives are under the Stone Temple of the First Congregational Church at Quincy Centre. In the Auditorium are mural monuments to the memory of the Presidents. President Adams mansion is located on Adams street corner of Newport avenue, and is still occupied by the Adams family. Dorothy Q. House, on Hancock Street corner of Butler Road,

Abigail Adams Cairn

is the old Quincy homestead where Dorothy Quincy was born; the parlor has old paper put on for the wedding of Dorothy Quincy and John Hancock; this property is owned by Massachusetts Society of Colonial Dames. The Myles Standish Cairn is in Squantum district and marks the site of the landing of Myles Standish, Sept. 30, 1621. The old Hancock Cemetery located on Hancock St., opp First Congregational Church, is the cemetery where lie buried many of the first settlers of Quincy, including Rev. John Hancock, father of the patriot. The site of the first railroad in the United States is at West Quincy, built in 1826 to convey stone for Bunker Hill Monument from quarries to tide water on Neponset River. The foregoing historic points are all open to the public.

TOPOGRAPHY—Quincy has an unusually beautiful and interesting topography. The altitude varies from sea level to 480 feet in sloping terrain. The average altitude in the business and residential sections is 25 feet in the lowlands. The Blue Hills Reservation is partly in Quincy and constitutes a delightful variation from the low land of the sea shore. It is probable that the topography of Quincy surpasses in beauty and variety that of any other city in Massachusetts, combining sea, headlands, shore and hills. The residential districts extend into the highlands from which views of the lower parts of the city and the bay may be had. Much of Quincy's charm for residences is its highland home sections. From the Blue Hills it is possible to see much of Boston and the Metropolitan area. Quincy has the attractiveness of the "South Shore" which leads to incomparable Cape Cod. Area 16.77 square miles.

POPULATION—Quincy is the fastest growing city in Massachusetts. It has grown from 47,876 in 1920 to 71,983 in 1930. 1940 Federal Census, 76,605. Estimate by the publishers of this Directory is 81,000. There were in 1930 22,019 white males and 23,498 white females. Colored population was 34. Total males 35,439, females 36,544. American born 75 per cent. Predominating nationalities are Canadian, Italian, Scotch, English, Swedish, Irish and Finnish descent. In 1937 there were 38,817 registered voters. Quincy is destined to reach a population of 100,000 in a few years. It is a desirable place of residence and for business. Within 25 miles of the city hall there is a population of over 3,000,000. Number of homes and apartments is approximately 20,299.

FINANCIAL—There are 1 savings bank, 3 commercial banks, 2 cooperative banks, 1 federal savings & loan Co. with combined assets of \$83,152,027.23. The bonded debt of the city is \$4,165,000. The assessed valuation of all property is \$12,355,250. Tax rate \$32.30. Postal receipts year ending Dec. 31, 1939, \$289,890.47. Annual building permits issued in 1939, 1296 representing a value of \$2,345,562.00.

TRANSPORTATION—Quincy is served by the New York, New Haven & Hartford Railroad, connecting only 8 miles distant with the Boston & Albany Division of the New York Central lines, and all divisions of the Boston & Maine system. The Dennison Airport is the oldest airport in the United States, and has one of the finest landing fields. Local trolley and bus lines serve all parts of the city and connect with adjacent cities and towns. Motor truck freight service is extensive. Highways 3, 135, 3A, 37 lead to the city and are high class construction. Quincy has a harbor for large and small shipping, and at Fore River has one of the large dry docks of the country. Quincy occupies an important position from a water transportation standpoint. This year the federal, state and municipal governments have authorized \$456,000 to dredge Town River and to fill approximately 150 acres of land adjacent to the river so that it may be available for industrial development. This will give Quincy first real harbor facilities. When completed the channel will have 24 feet of water at low tide and about 33 feet at high tide, which will accommodate almost any size coastwise vessels. It is expected that several boat building companies on the river will be benefited by this water advantage and opens

Office Building

up a future of Quincy as a port for coast wise water transportation. The Naval Air Base located at Squantum is rapidly being developed by the U S Navy into one of the largest and finest air bases in the country.

MERCANTILE—The city is the center of an extensive retail trade with a population of over 300,000 within a 60 mile radius. There are 875 retail establishments and 50 wholesale serving a vast population of 7,000,000 within 150 miles. Quincy has about 3 miles of store frontage, with large department stores and many specialty shops. There are over 500 professional offices. In addition to its resident population, the summer resorts of Quincy bring thousands of seasonal residents each year. The combination of possibilities for employment, educational and recreational opportunities, delightful places of residence, make Quincy attractive as a place to live and trade.

EDUCATIONAL—The public school system is in the first rank among the cities of the state. There are 25 schools including 2 senior high, 4 junior high, 19 grammar, 1 trade. There are 13,288 pupils and 500 teachers. There are also 3 parochial schools with 1,111 pupils and 27 teachers. Value of public school property \$6,165,000, and parochial school property \$949,200. a large social and recreational life among the shore summer residences. A most unusual bathing facility is some of the abandoned quarry pits filled with water to a great enough depth to permit diving of a fancy character from the top of the granite cliffs, 30, 50 and 75 feet into the cool, green depths. Quincy is so located that it lends itself to recreation for residents and those residing in nearby cities and towns. REMEMBER THE SALVATION ARMY IN YOUR WILL

FOR over sixty years The Salvation Army has demonstrated its unique effectiveness in dealing with problems of distress and maladjustment among all types of persons through its highly organized network of spiritual, social service, and character-building activities. Universal endorsement has been given it by governments, churches, welfare agencies, and other groups.

The organization, however, is not endowed. Its support comes from the voluntary contributions of the public.

The Salvation Army is legally competent to accept bequests and earnestly seeks such gifts for either general or specific purposes, or for the establishment of suitable memorials.

Any information or advice will be gladly furnished upon application, direct or through legal advisers, to:

When You Place Your Ad in the City Directory

You are not only talking to all persons looking for goods in your line, but are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

INDUSTRIAL QUINCY

Quincy has long been engaged in the quarrying of granite from the large high-grade deposits located here. Many years before the present era of intensive industrial policies, Quincy was a factor in manufacturing production. The site of the first railroad in the United States is at West Quincy, built for the hauling of granite for the Bunker Hill Monument. Many notable structures built of Quincy granite testify to its excellence for such purposes, also monumental granite is extensively used.

There are today 129 manufacturing establishments employing 6,754 and having wage payrolls of \$9,905,576 annually. Annual production value \$27,-494,791. Larger activities center around quarrying, shipbuilding, granite cutting and finishing, packaging machinery, iron studs and gears. Principal products are ships, machinery parts, granite, rivets and studs, gears, rubber goods, amplifying and telephone equipment, marine engines, portable buildings, paints, tools, chemicals, yachts, boilers, steel and brass foundry products, floor machines, conveyors, cord and thread, leather products, underwear, dresses, cymbals, small boats, airplanes and airships, automobile bodies and tops, carbonated and fermented beverages, cigars, cigarettes, concrete blocks, furniture, ice cream, insect screens, musical instruments, scales, scientific instruments, soap, starch, signs, tanks, ventilators

window shades, storage batteries, chemicals, garages, twine, underwear, starches, molded rubber goods, paints, varnishes, plaster models, engines, crushed stone, rubberized fabrics, granite tools, packing and labeling machinery, awnings, truck bodies and cabs.

The relations between employer and employee are extremely good. High skilled labor supply is large.

There is a retail market of 7,000,000 within a radius of 150 miles. Located in the center of New England's greatest manufacturing section, there is excellent trade for manufacturing items.

Quincy has fine transportation facilities for manufacturers. It is served by the New Haven Railroad, many trucking companies and has a fine harbor shipping with added facilities and water frontage being made in the Fore River development

NO PRINTING is put through the COLMAR PRESS as merely a matter of type, ink and presswork. To us, every piece of printing is a message to be read by your prospective purchasers.

PERHAPS, that is why so many of our customers entrust their printing to us with full confidence that the job will be done as they desire it, and in workmanlike manner.

THIS extra interest in your printing costs no more—it's part of the way we do business. The payment for it comes through the enthusiasm of customers who feel they have found printers who understand the real purpose of printing.
